In an effort to enhance our Emblem and Supply, State Commander Bill Phillips has appointed me as Director of Emblem /Supply. I am honored by his confidence and have agreed to accept this challenge. It is my hope to make the Emblem / Supply State more efficient and to bring some fresh ideas to this State by trying to stock items that the Council members have asked for, and also to have items that will appeal to the casual shoppers.

We have established better accountability of our product in the past, and hope to expand on that idea in the coming year, as well as trying to meet the needs of the members of the V.F.W., both at the Council meetings and the State Convention. One goal is to enhance sales and truly be an asset to The State of Illinois. We are now capable of allowing credit card charges for supplies, poppies, program donation, etc. which is certainly a step in the right direction.

We are still in the infant stages of the on-line ordering, but that is in the forefront of our goals; our hopes are to be capable of ordering items while at a council meeting, on line so individuals as well as Posts and/or Districts can order items that are not stocked.

The Emblem and Supply State sets up a sales area for the convenience of our membership, and as a way to make money to help run the State of Illinois. Patronage is both desired, requested and needed.

Emblem/ Supply ...our goal is to supply desired items to the membership at a competitive and a reasonable price, to be a contributing factor in our Commander's goal which is to put into action as

“WE CONTINUE TO SERVE”
